

1GHz Distribution Amplifiers

40-1800 - 26dB Distribution Amp

40-2600 - 30dB Distribution Amp

40-1800 Specifications

1-Input, 4-Output 26dB Gain TV Amplifier

1-23	24-47	48+
\$18.50	\$16.50	\$15.50

40-2600 Specifications

1-Input, 1-Output 30dB Gain TV Amplifier

1-23	24-95	96+
\$12.50	\$11.50	\$9.80

General

These units are high output, general purpose amplifiers for big and small MATV distribution systems. They provide lower distortion than most economy models while maintaining the quality and reliability for the most sophisticated applications.
