Video Converter - BNC to ST Optical Fiber

Video Fiber Converter is an exclusive design for CCTV signal over fiber application. It converts the standard electronic video signal into optical fiber signal, so the transmitting distance can be extended without any amplifiers or repeaters. On the receiving side, the optical signal will be converted back to standard video signal (NTSC/PAL)

- Video converter: BNC to Fiber ST Connector
- Video receiver: Fiber ST Connector to BNC Connector
- Provides electromagnetic immunity
- Low noise transparent operation
- Secure video transmissions
- Easy to install, plug & play operation
- Light Source: LED
- Fiber Type: Multi Mode
- Wavelength: 820nm
- Transmission distance: 2Km
- Bandwidth: 10MHz

“Quality and Service are our Primary Goals”
