

Full Job Description

Winston International has been operating since 1980 creating innovative products that help connect people and technology. As one of downtown Oxford's largest employers, joining our team of 30+ employees will allow the candidate to gain experience in teamwork and communication in addition to technical skills. The logo for Winston International was composed of 5 P's which represent the core values that the company has always portrayed: People, Purpose, Product, Passion, and Play. These core values are what drive our company forward. We aim to do more with less and to not let life's inevitable obstacles deter our optimism. We will always move ahead, always remain positive, and will continue to be a strong and bright light in our community and beyond!
